

Access Statement for The Karema, Skegness

Introduction

Liz & Ian Collier, owners of The Karema Guest Accommodation, offer, all year round, both bed & breakfast and a optional evening meal (between April & November). The following statement is a summary of our provision. If you have any specific questions please feel free to call us and we will endeavour to help.

Pre-Arrival

- Telephone, fax, letter, email and online availability.
- Website accessibility.
- Access statement available in different formats/places.
- Distance to train station, bus depot and taxi rank within 15 minutes easy flat walking distance.
- Town centre and most resort amenities are within 10 minutes of easy flat walking distance.
- Mobility hire shop within 8 minutes easy walking distance.
- Provisions and hire can be pre booked prior to your arrival on request.

Arrival & Car Parking Facilities

- There are 6 car parking bays, 3 being located to the front of the premises and 3 being located to the side of the premises. The 3 to the side of the premises are quite tight and can hinder access to and from the cars, however there is plenty of unrestricted street parking directly outside the premises.

- We are sorry we cannot reserve parking spaces but we can ask other guests to leave a parking bay for guests whose needs are greatest.
- We would be happy to assist any guest with luggage from parking/car park to entrance.
- The car park surface is concrete with marked parking bays with a dropped curb.
- Signage is clear with the entrance to the accommodation being located down the side of the property.
- There is a doorbell situated on the front door within easy reach.
- The surface is smooth and flat to the entrance.
- There is a storm canopy above the front door.
- The property is well lit at night time.
- There is one step into the entrance measuring 14cm high. A temporary ramp is available on request.

Main Entrance, Reception & Ticketing Area

- We do not have a alternative entrance.
- The front door is a single leaf being pvc and is side hung and has open access of 76cm.
- Once through the front door there is a small reception area measuring 230cm x 137cm. There is a coir hair

- mat at the door entrance then fitted carpet covers the rest of the hallway and stairs.
- There is a reception desk in this area measuring 130cm wide 50cm deep x 680cm high containing registration cards, guest book and information leaflets, this desk is moveable.
 - The mains fire panel is wall mounted in this area.
 - We do not have restricted opening hours. Guests are issued with a main door key along with their room key. All we ask is that guests show consideration for others during their stay with us, both in the communal areas and within their room.
 - The tariff board is sited above the reception desk and is both clear and well lit.
 - There is adequate lighting in the hall and on all the stairs.
 - We can provide limited assistance to our guests, but we are not able to lift.
 - From the reception there is a door leading to a public unisex residents toilet, a further door to the guest lounge and the main corridor.
 - The floor is level throughout the entrance, reception and downstairs corridor.
 - There is a large glazed window in the corridor viewing into the bar area.
 - Carpets being of fitted short pile and all walls being white textured in all halls, stairs and corridors.
 - There is a buzzer, located by the dining room door which is located at the end of the downstairs corridor, for any enquires or assistance.
 - Music is only provided by way of a radio/stereo in the bar area and can be turned down on request.

Public Areas - Hall, Stairs, Landing, Corridors etc

- There is a stair lift leading from the downstairs corridor to the 1st floor.
- There are 2 stairs to reach this facility the 1st step being 20cm high and 25cm deep the 2nd being 20cm deep onto a platform measuring 86cm x 86cm. There are 2 grab rails conveniently located. When reaching the 1st floor landing there is a further platform at 86cm x 86cm with 1 step onto the landing being 20cm deep, again having 2 grab rails conveniently located.
- Full operational guidance and assistance will be given to any guest needing this facility.
- The premises is on 3 floors, 4 bedrooms being located on the 1st floor and a further 4 bedrooms being located on the 2nd floor.
- Both hallways being of flat surface with fitted carpet and white textured walls.
- There are lighting to all public areas and remains lit during the night.
- Both staircases to both floors are mirror imaged, there is 1 step 20cm high and 25cm deep followed by a 20cm step then a platform of 86cm x 86cm then at a right angle there are 10 steps all being 20cm high and 25cm deep onto another platform being 86cm x 86cm and 1 further step at a right angle being 20cm deep. The width of both staircases is 90cm although it is noted that the lower staircase reduces to 60cm because of the stair lift. Both staircases having handrails.
- All corridors are between 115cm to 90cm being shaped.
- There is a glazed fire door located on the 1st floor landing.
- There is a external fire exit door along this corridor. This is clearly signed in public areas and is documented as part of the fire plan.
- There is a full emergency procedure in place. There is a public telephone located in the reception area.

Public Areas - Sitting room, lounges, lobbies etc

- The Guest Lounge is located on the ground floor and access is gained via reception through a glazed door with access measuring 80cm wide. It is noted that this facility is closed at 11pm.
- There are 3 two seater leather sofas and a further single seated leather chair all matching in design. There is a central coffee table with magazine rack under. There are further nest type tables, all these items are moveable. There is a large guest TV with remote control and fast text. There is a further glazed unit selling novelty type goods.
- The carpet is deep piled and fitted with the walls being white and textured. There are wall lights, ceiling lights and window lights offering flexible lighting to this area.
- The bar is accessed through a sliding glazed door measuring 70cm from the lounge. The bar can also be accessed via the dinning room. There is a fixed u shaped seating area and has a further 5 stools and 2 circular tables all 60cm high and moveable. The bar itself is 240cm x 120cm x 110cm high fixed. There is a further free to use water dispenser.
- The carpet is short piled and fitted walls being white and textured.
- Lighting to ceiling, wall lights and bar lights offering flexible lighting to this area.
- The access to the dinning room can be gained from either the bar area through a open planed arch 200cm wide or through the dinning room door of the downstairs corridor. This is a solid fire door side hung and gives an access of 80cm.
- The dinning room has 8 tables 4 of which measure 120cm x 75cm and the other 4 measuring 75cm x75cm. There are 24 chairs (padded seating) and a further child

- high chair on request. All these items are moveable and can be put together for larger parties.
- Details about the breakfast are given to all guests on arrival and the evening meal menu is taken at breakfast if required, all of which is waiter service.
 - Any dietary requirements are catered for on request.
 - The whole building is non smoking.
 - The carpet is short pile fitted through out, the walls are white and textured.
 - There are wall and ceiling lights offering flexibility.
 - Terminal for card payments is located in the dinning room.

Public WCs

- The public toilet for use of guests is located inside the front door off the reception area. This has a solid door that is side hung and gives access of 60cm. Within the room there is a toilet which is 46cm high and a further small hand basin with hot & cold water.
- Lino is fitted to the floor. Walls being half tiled and the remainder being white and textured. There is a ceiling light which is operated by a pull cord.

Bedrooms & Sleeping areas

- There are no downstairs bedrooms and the rooms on the 1st and 2nd floor would not be suitable for wheelchair users.
- All of the bedrooms have the following -
- Entrances are level and have unobstructed access of 76cm.
